View anytime (24 hrs.) - anywhere (office or home) - any day of the week.

Cost: \$195 (90-minute program) • Available NOW to view as a webcast.
DVD orders have a \$5 shipping charge.

CMS continues to clarify the new and revised OASIS-C items to address provider confusion evident in clinician discussions and queries. What recent OASIS and Code updates require further agency focus to ensure clinician accuracy to meet the intent of this new document? What strategies have some of your peers adopted to successfully implement these critical updates and recent clarifications?

This program details the **most recent clarifications** from CMS on the accurate completion of the new and revised OASIS-C items. Additional focus on the OASIS-C Final Guidance, including some diagnosis code considerations, will further enhance wound item accuracy. How will these clarifications impact your agencies practices and protocols?

Join RBC Limited to identify and detail the **most recent** clarifications on the OASIS-C and diagnosis coding that impacts accurate assessment and documentation practices. Receive an audit tool and a simplified wound guide that supports accurate assessment and documentation of simple and complex wound scenarios.

PROGRAM GOALS:

1. Identify **critical** OASIS-C & diagnosis code clarifications;
2. Detail the application of these updates with common home health scenarios;
3. Discuss the wound item clarifications since the posting of the revised OASIS-C WOCN Guidance; and
4. Share tips and strategies that will support your staff with these critical OASIS-C and code updates.

TAKE AWAY TOOLS: OASIS-C SOC Audit Tool and Clinician Wound Guide.

WHO SHOULD ATTEND: Agency Clinical Leadership, Supervisors, Coordinators, Quality Improvement staff, Educators, All Clinical and Support Staff.

***CE CREDITS:** Please note CE credits will **NOT** be available for this program. However, a Certificate of Attendance will be available so you can apply for CEs within your state.
